

QUAD 'SQUAD

THE NEW HOOKBAIT DIVISION

SHAPE-UP FOR YOUR NEXT CARP BATTLE!

Mainline 'QUADS' are a new concept within our extensive range of hookbaits. Their square-like shape means they're both unusual and harder for fish to eject. Their size means they lend themselves perfectly to single hookbaits, toppers, use with particles, floaters etc. Plus, they are available as pop-ups or bottom baits to suit any presentation.

Available in three variants: THE CELL™, ESSENTIAL CELL™ & THE LINK™
