

CELL!

THE CELL IS RADICALLY DIFFERENT FROM OTHER CARP BAITS

CELL!

IT OFFERS A PROTEIN SOURCE THAT'S EASIER TO DIGEST THAN FISHMEAL OR BIRDFOODS

CELL!

THE CELL HAS DELIVERED UNPRECEDENTED RESULTS, BOTH INSTANTLY AND LONG-TERM.

If you've not realised The Cell's incredible domination of ANY water it's applied to, then maybe it's time to get your head out of the sand and take notice of a bait the WILL improve your results.

Since Dave Lane watched his catch rates soar, together with his quarry's growth rates when he tested The Cell, it's gone on to become our biggest bait yet. Why? Maybe it's its seemingly irresistible attractors. Maybe it's because it's easier to digest than fishmeal or birdfoods. Maybe it's because it's completely different to 'standard' baits. Maybe it's because it'll go on working, time-and-time-again on even the toughest waters.

But there's no 'maybe' about the fact that The Cell has established itself as our most successful boilie, ever. Isn't it time you established it as yours?
