

GOOD THINGS COME TO THOSE WHO BAIT!

- With actively enhanced ingredients
- High attraction
- Rapid breakdown
- Highly effective as a carpet feed
- Applications: Method feeder, PVA bags, PVA stick, spod, catapult and by hand
- Suitable for all fishing situations

Mainline High Impact Groundbaits use a combination of crushed particles, various nuts, fishmeals and a selection of active enhancers and stimulants.

The resulting mix is highly attractive, extremely effective and gives rapid dispersion of it's attractors into the water column.
